THE FINCASTLE PRESBYTERIAN WOMEN CREATED FABRIC ART

Left to right: Glenna Hinson, Beverly Stafford, Nancy Pauley, Rena Heslep, Barbara Hancock, Marcia Helms, Peggy Davis and Leigh Ann Martin.

In conjunction with our Presbyterian Women's Bible Study of important women of the Bible, Pat Simmons had a vision for a fabric art creation. She started sketching some scenes of her most memorable women of the Bible. Phyllis Tensor then created each into a full piece of art. Our beloved Pat Simmons started cutting up fabric and worked on piecing together a finished work of art. Connie Miles, Debbie Coots and many others from the Presbyterian Women worked extremely hard to finish joining the pieces together. The backing was provided by Marcia Helms. The glass was provided by Phyllis Tenser and Jim Tenser made the frames. Pat provided the corresponding Bible verse for each of the finished pieces. We are so proud of these priceless art pieces inspired and created by Pat Simmons.
